SERVICES RENDERED

Executive Order 9397 authorizes the collection of the social security number for management purposes. The social security number will be used as the primary reference number in reconciling data on this form with that contained on Time and Attendance reports to ensure the correctness of billings to the industry. Employee social security numbers will not appear on the FSIS FORM 5110-1 copy provided to industry. Furnishing the social security number on this form is voluntary but failure to do so will limit the Agency's ability to ensure the correctness of billing documents.
